

# Quantum View 10.1 Battery Replacement

This guide will assist in the replacement of the Quantum View battery.

Written By: stephen Munchinsky

## Step 1 — Open Quantum View case

- Start by turning the tablet over with the screen down. The carefully use a plastic opening tool to pry the cover off. Start from the corner opposite the hibernate button.

## Step 2 — Removing the electrical tape and magnets.

- Pick up the magnets from the bottom edge of the tablet next to the keyboard connection and put them in a place that they will not get lost. Then carefully remove all 4 strips of electrical tape.

## Step 3 — Unhooking the battery

- Using a small plastic opening tool; gently pull the connection off of the motherboard.

To reassemble your device, follow these instructions in reverse order.
